Continuation of Virudhunagar District Vigilance and Anti-Corruption Crime No.2/2019 u/s 120(b), 167, 468, 420, 471, 477(A) and 409 IPC and section 13(1)(a) r/w 13(2) of Prevention of Corruption Act, 1988 as amended by Prevention of Corruption (Amendment) Act, 2018

It is revealed that the A1 Tr.G.Mohan worked as an Assistant Engineer, Agricultural Engineering Department, Virudhunagar Sub Division, Virudhunagar District and A2.Tr.V.Sakthivel worked as an Assistant Executive Engineer, Agricultural Engineering Department, Virudhunagar Sub Division, Virudhunagar District during the relevant period of occurrence and as such both are public servants as defined U/s 2(c) of the Prevention of Corruption Act, 1988.

It is revealed that during the year 2007-2008 the Government has implemented the works of constructions of percolation ponds, rejuvenation of wells, construction of check dams, formation of farm ponds, etc., under the Rain water harvesting and run-off management programme for 2007-2008, through the Agricultural Engineering Department with the assistance of NABARD in Rural Infrastructure Development Fund (RIDF) and with the share from the State Government and the collection of contribution from the farmers. The Government has released a total fund of Rs.47,81,47,000/-, for the 2nd year implementation of works under the said rain water harvesting and run-off management programme for 19 Districts in Tamil Nadu.

It is revealed that A1 prepared 268 proposals for a sum of Rs.1,28,90,000/-for 277 works to be carried out at A.Mukkulam area in Virudhunagar sub division, Virudhunagar District and A2 verified the proposals and sent it to the Executive Engineer and obtained sanction from the Executive Engineer. Thereafter A1 and A2 have selected the persons from the list recommended by the rain water runoff area development team and sent it to the Executive Engineer with their recommendations and obtained work orders in the name of the said selected persons.

It is revealed that out of 277 works, 73 works were not fully and properly completed by A1 and A2 and another 18 works were carried out, but not properly completed. The rest of 186 works were not actually carried out. The A1 and A2 conspired together to cheat the Government and misappropriate the funds allotted by the Government prepared false documents viz, measurement book entries, work

completion report and the bill for the works etc., as if the works were carried out and knowing that the said works were not carried out and by dishonestly concealing the fact, submitted the forged bills before the Executive Engineer as genuine and claimed bill amount of Rs.71,89,763/- from the Government for the said 186 works which were not actually carried out and misappropriated the same and committed criminal breach of trust to the tune of Rs.71,89,763/-.

It is further revealed that the A1 and A2 having control over the funds of the Government and were responsible for proper construction of the works, have ended into criminal conspiracy to do an illegal act of cheating, framed on incorrect document with intent to cause injury and facilitated the conversion of the Government property for the benefit of illegible persons without any public interest.
